## **1. What pitches and/or caravans are available?**

There is a very limited availability of pitches. Please make Appointment to view what we have available at present.

## **2. Do I have a choice of caravan model?**

Willerby is our most popular manufacturer however you are welcome to discuss the purchase of an alternative make with us.

## **3. How do I reserve my new Holiday Home?**

Please complete and sign the enclosed Sales Order Form and hand it to us along with a non refundable deposit of £5,000.

## **4. Can I live full-time in my new Holiday Home?**

No. Holiday Homes are designed for Seasonal use and most owners use their holiday homes between the third week in March and 30 September each year. October is an optional, bonus, month at £95 + VAT. However you are free to use your holiday home in the winter months for holiday use.

## 5. How long can I keep my caravan on the pitch at the Caravan Park?

We offer you a 20 year agreement on your pitch from new. After 20 years your caravan must be removed from the Park. If you sell your caravan after, say 8 years then the new owner will be given an agreement to occupy the pitch for a further 12 years.

## 6. Can I sub-let my caravan?

No. Caravans are for the use of owners and their family and friends. The owner is responsible at all times for the occupants of his caravan.

## 7. How much are the pitch fees?

For period from 3<sup>rd</sup> week in March to 30 September (October is optional)

2017: Category A Caravan, with no electric meter: £2,150.85

2017: Category B Caravan with no electric meter: £2,591.93

2017: Category C Caravan with no electric meter: £3,164.40

2017: Category D Caravan with electric meter: £3,038.40

All prices include VAT

A category A is a small caravan on a small pitch including 5amp electric. Category B is a 10ft wide caravan on a bigger pitch than Category A including 5amp electric. Category C is a 12ft wide Caravan with no electric meter so electric is included for category A, B and C in above prices

A category D is a 12ft wide Caravan with electric by meter. Electric charged per meter in addition for category D caravans.

October optional at £95 + VAT for 2017. October is priced as a bonus month.

Winter is £180 + VAT per month. If 4.5 winter months taken, then pay only 4 months. All caravans used in winter must have an electric meter fitted.

An invoice is sent out in early January for the Summer Season fees.

## 8. What happens when I decide to sell my caravan?

If you sell your caravan off site then you are free to sell and we have no input except to de-commission the caravan. If you sell on-site then a portion of what you receive for your caravan is due to it being on this particular Park. There is a specific procedure for this sales process. Firstly we will make an offer for your caravan which you do not have to accept. Then you can either accept or decide to sell your caravan on the Park to a third party. If you sell to a third party, 15% of the sales proceeds is payable to the Park Management. The new owner must receive a licence agreement for the caravan and this will clearly show the number of years that they can continue to enjoy that plot. The number of years is 20 years from when that caravan was new.

## 9. Are there any other factors that I should consider?

You are responsible for 3ft surrounding your caravan and this includes the upkeep of the area underneath your caravan.

At the end of the Season your caravan must be drained down and left frost free for the winter. We recommend that this is done by the Park management.

Gas should be ordered before Sunday evening for delivery on Monday. If you allow both gas bottles to run out, then you will incur a fee for delivery. All gas must be paid with order.

**Seafeld Avenue, Grantown-on-Spey, Highland PH26 3JQ**
